

# International Conference

of Speakers of Consultative Assembly, Shura Council or Other Similar Names  
of the Organisation of Islamic Cooperation Member States

Bandung, October 24<sup>th</sup> - 26<sup>th</sup> 2022

The Asia-Africa Conference agreed on  
*"The Declaration of The Promotion of  
World Peace and Corporation"*  
Also known as **The Bandung Principles**

**"Bandung Spirit"** succeeded in nurturing solidarity,  
fostering unity and cooperation among Asian and  
African countries

## **The objectives of Organization of Islamic Cooperation Conference:**

1. Strengthening brotherhood and unity;
2. Respecting human rights;
3. Creating world peace;
4. Protecting Muslim's holy sites.

The world is facing various problems such as the **Covid-19 pandemic, conflicts, climate change, and the economic crisis**

The pandemic has taught us of  
**mankind as social beings**  
**Need to work and cooperate with others**

Collaboration is necessary in solving global problems

**The collective strength of Muslim countries**  
will be realized if there is a commitment to lead global effort  
to achieve sustainable development in creating welfare and  
overcoming the climate crisis

The role as **Green and Sustainable Leaders** could empower Muslim countries to take a transformative role in realizing Sustainable Development Goals

Energy transition requires strategies to  
ensure growth

Collaboration is needed in demonstrating our leadership roles in the green and sustainable economy

We need solution that prioritizes religious moderation, respects the diversity of teachings, and avoids extremism, intolerance, and acts of violence

Our idea to establish  
**Forum for The World Consultative Assembly,**  
or any other agreed names, is to devote common thoughts  
in overcoming various crisis

**The Forum will not sideline the Organization of Islamic Cooperation (OIC) and the Parliamentary Union of the OIC Member States (PUIC)**

## **Five reasons for the establishment of the Forum for the World Consultative Assembly:**

1. Humanitarian problems in one country will affect others;
2. The complexities of global issues necessitate collaboration of all;

3. Creating space for the participation of many stakeholders in the international stages;
4. The Forum is expected to facilitate cooperation to attain solutions;
5. Strengthening the contribution of international institutions to solve humanitarian and global problems.

All fifteen countries at this conference  
are expected to support the establishment  
of a joint initiative of the  
**Forum for the World Consultative Assembly**  
or any other agreed names
